

Aircraft Refueller Seasonal

Morgan Fuels has an **immediate** employment opportunity for a seasonal Aircraft Refueller at our **Dryden Airport** location. The position is accountable for providing the safe and efficient delivery of fuel to customer's aircraft. Hours of work are generally 70 hours bi-weekly, with some evening work required and alternating weekends. During our peak season (May to August), there is an opportunity to work more hours, including the possibility of overtime.

Preferred qualifications for the position include mechanical skills, experience in a trucking and/or petroleum operation, an interest in planes, and basic knowledge of computer systems. **A full G license is required.**

The position is physically demanding involving significant lifting and pulling in an outdoor climate. The successful candidate will be required to submit an acceptable Criminal Records Check.

If you feel your skills and qualifications meet the above requirements, email your resume to **hr@morganfuels.ca**.
